

## New Vehicle License Fee Chart for Park Trailers

### New Information

Effective May 19, 2009, the vehicle license fee (VLF) increased to 1.15 percent for certain vehicles, including park trailers. A new form, VLF (1.15%) Vehicle License Fee Rate Table Park Trailers (REG 364, NEW 4/2009) has been created for park trailers.

The REG 364 is now available on the Department of Motor Vehicles (DMV) Internet website under Industry Tools, at <http://www.dmv.ca.gov/forms/reg/reg364.pdf>.

### Procedures

If needed for immediate use, print the new park trailer VLF chart (REG 364) from the DMV Internet website.

The REG 364 is available to order in hard copy; refer to the information at [http://www.dmv.ca.gov/pubs/brochures/fast\\_facts/ffdmv1.htm](http://www.dmv.ca.gov/pubs/brochures/fast_facts/ffdmv1.htm) for ordering DMV forms.

### Background

Vehicles (except park trailers or VLF exempt vehicles) have an 11-year VLF depreciation schedule. Park trailers have an 18-year VLF depreciation schedule; therefore, a separate VLF rate chart was created for park trailers.

The 1.15 percent depreciation chart (REG 365) used for vehicles other than park trailers, exempt vehicles, or CVRA vehicles was posted on the DMV Internet Industry Home Page in April 2009.

CVRA vehicles are exempt from the VLF increase. Continue to use the 0.65 percent VLF Rate Table (REG 360) for commercial vehicles with a declared gross vehicle weight rating or a combined gross vehicle weight of 10,001 pounds or more.
